

Deutschlandsemesterticket

in the Portazon app

Your studies, your advantage

Are you studying at the Universität or Hochschule in Trier and want to be mobile on public transport throughout Germany?

The Studierendenwerk Trier and its mobility partner SWT Stadtwerke Trier offer you a fully-fledged Deutschlandticket in the Portazon app, which is already paid for with your semester fee.

We will show you exactly how this works in detail on the following pages!

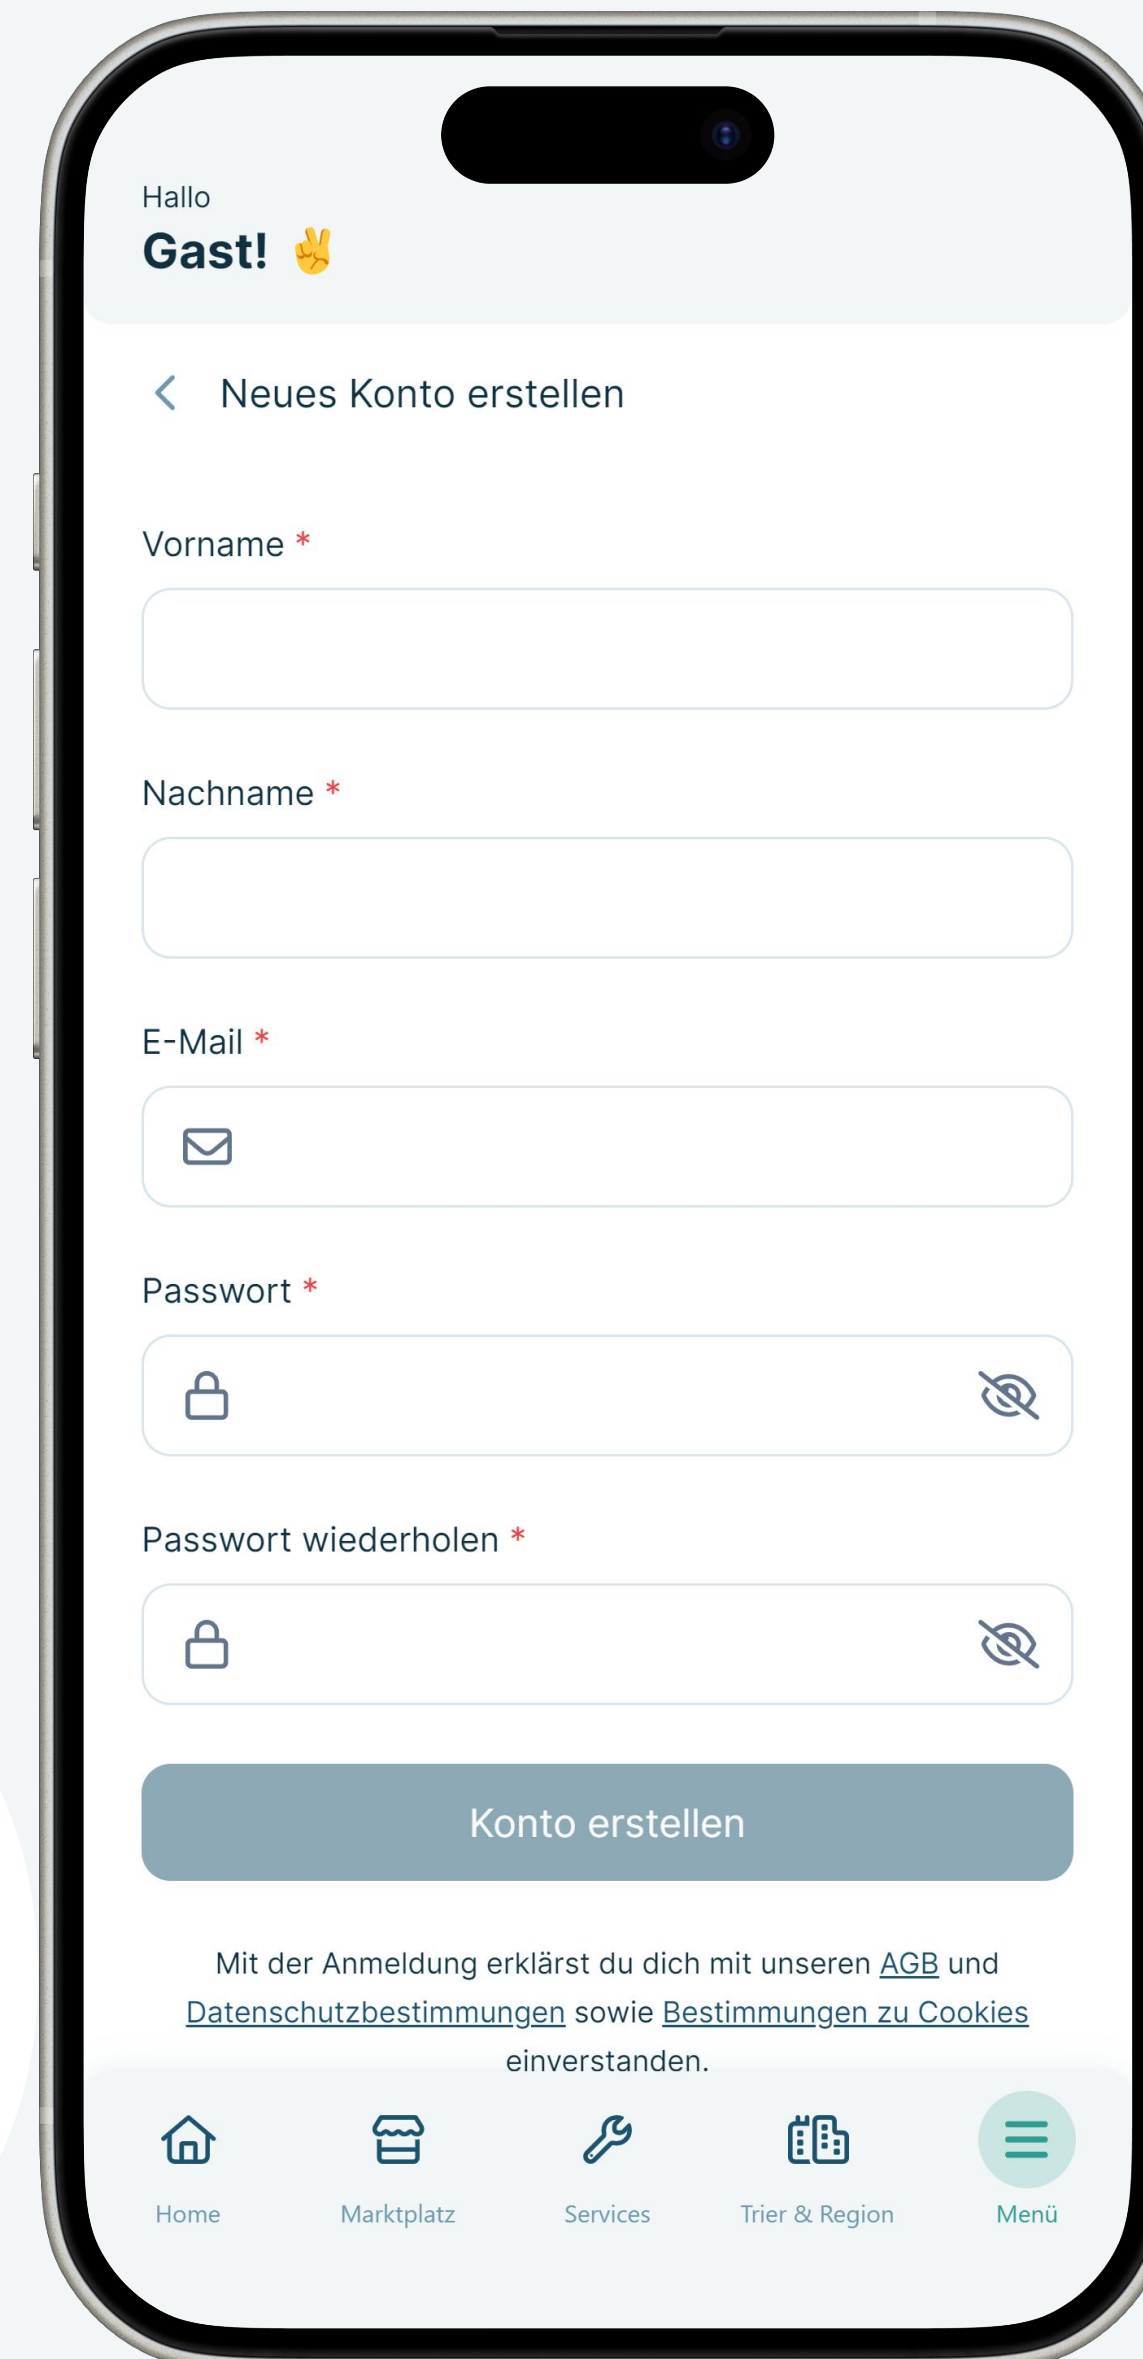

App download and registration

Students who already received a ticket last semester can skip this page!

You can find the Portazon app in the App Store and on Google Play.

After downloading, create an account in the app. You will need to enter your name, email address and a password.

Then please verify your account by activating the link we sent you by email.

Where do I find the service?

There are several ways to access the Deutschlandticket in the app:

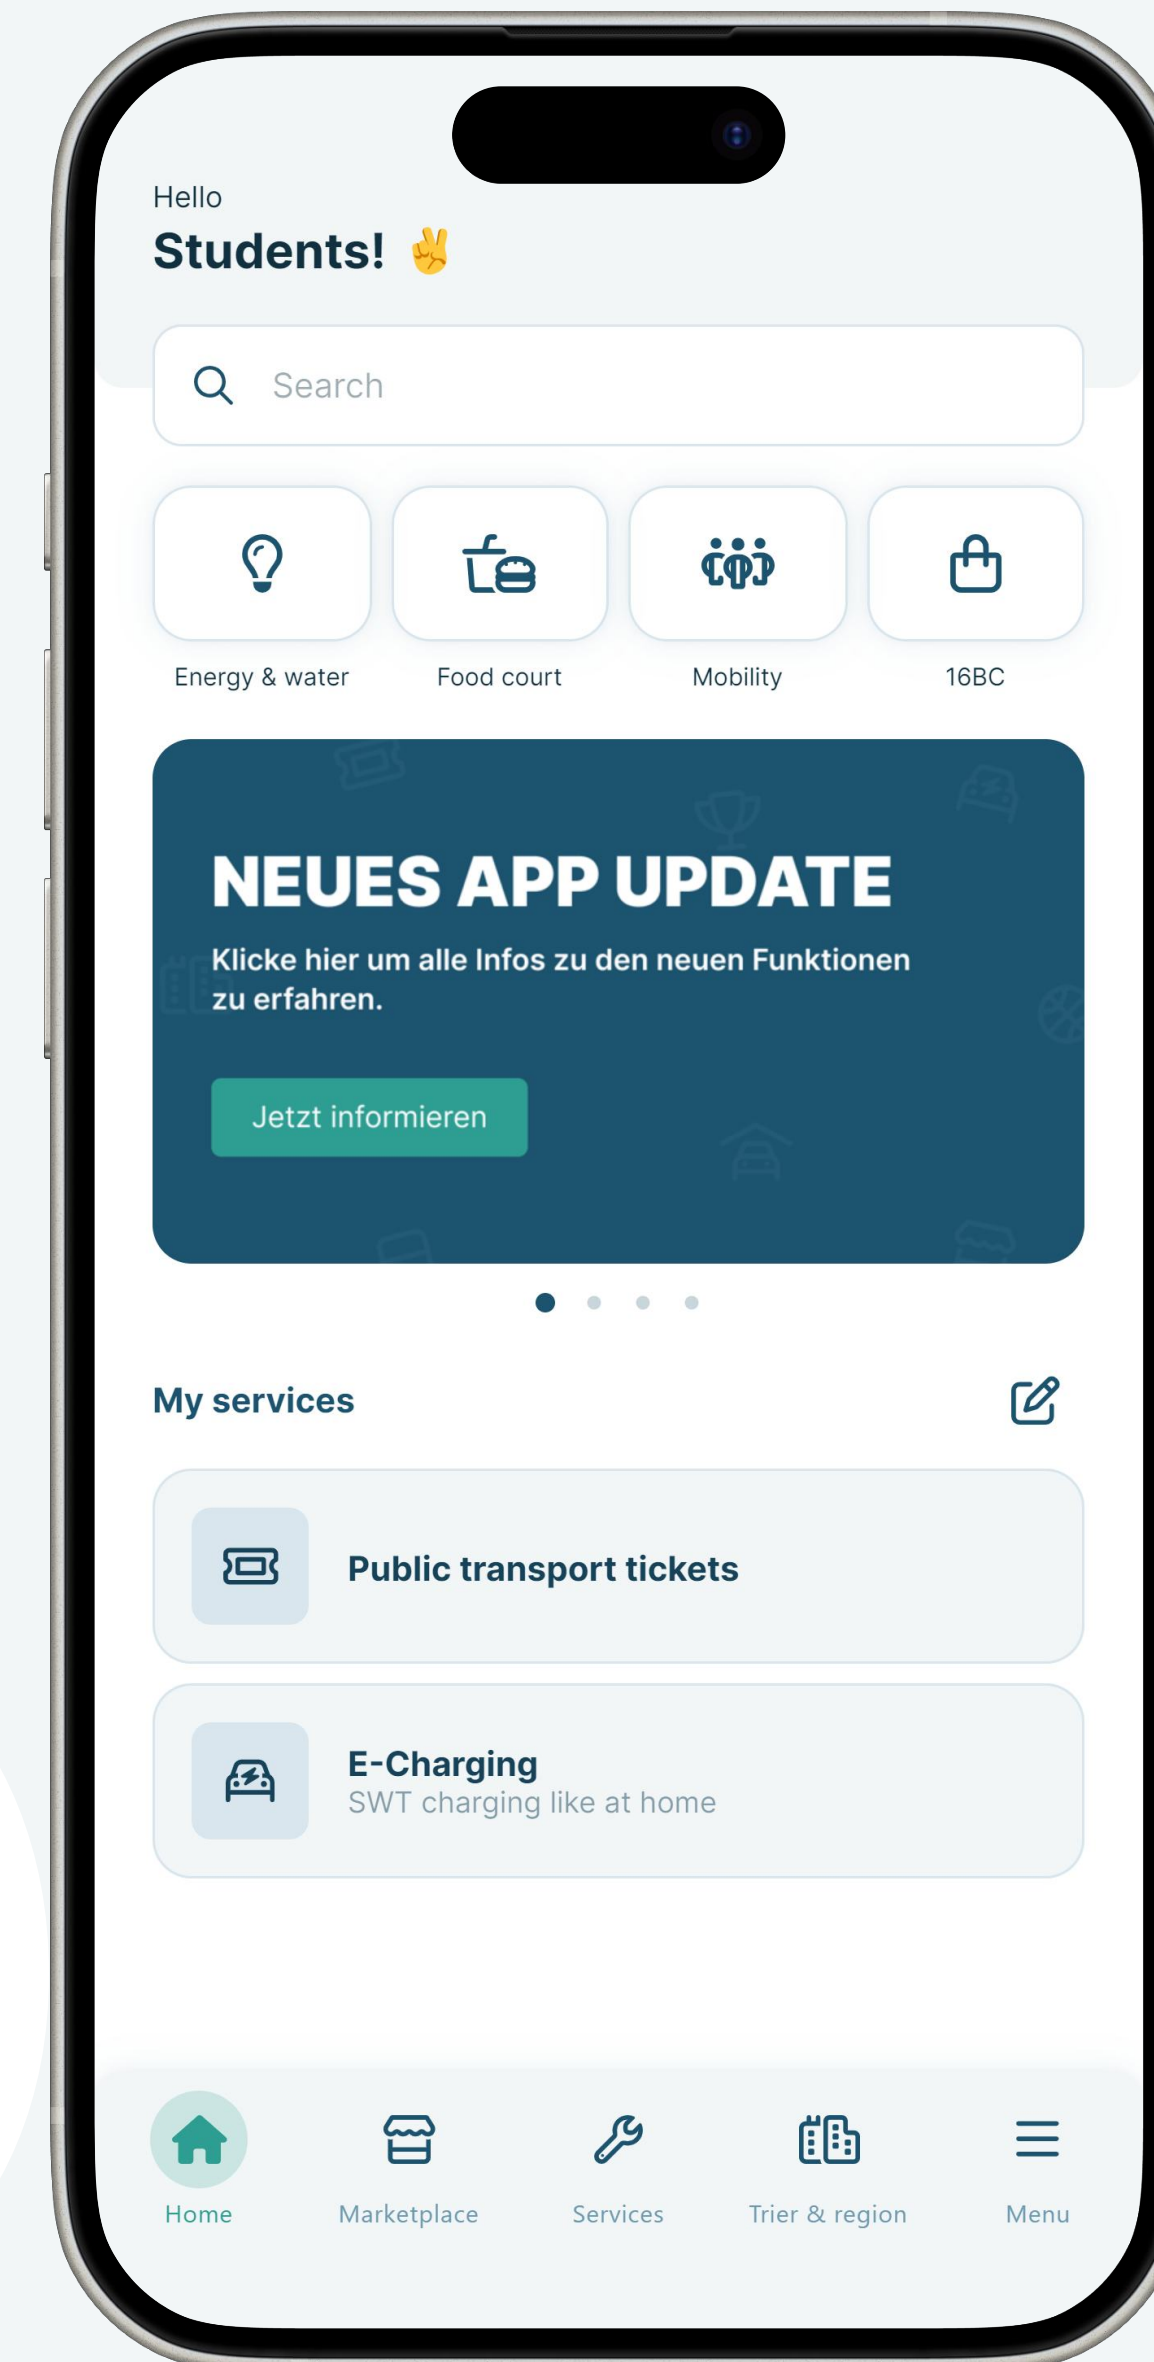

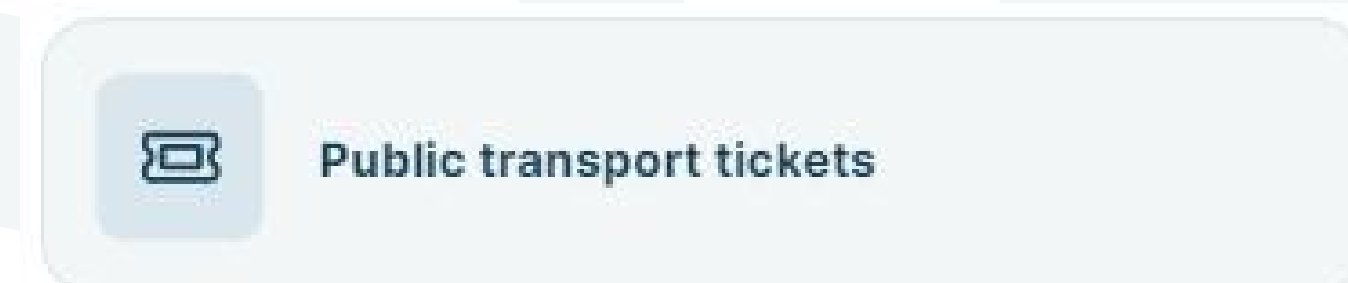

Quick access mobility at the top of the app
(Mobility > Public transport tickets)

Via the navigation bar at the bottom of the app
(Services > Mobility > Public transport tickets)

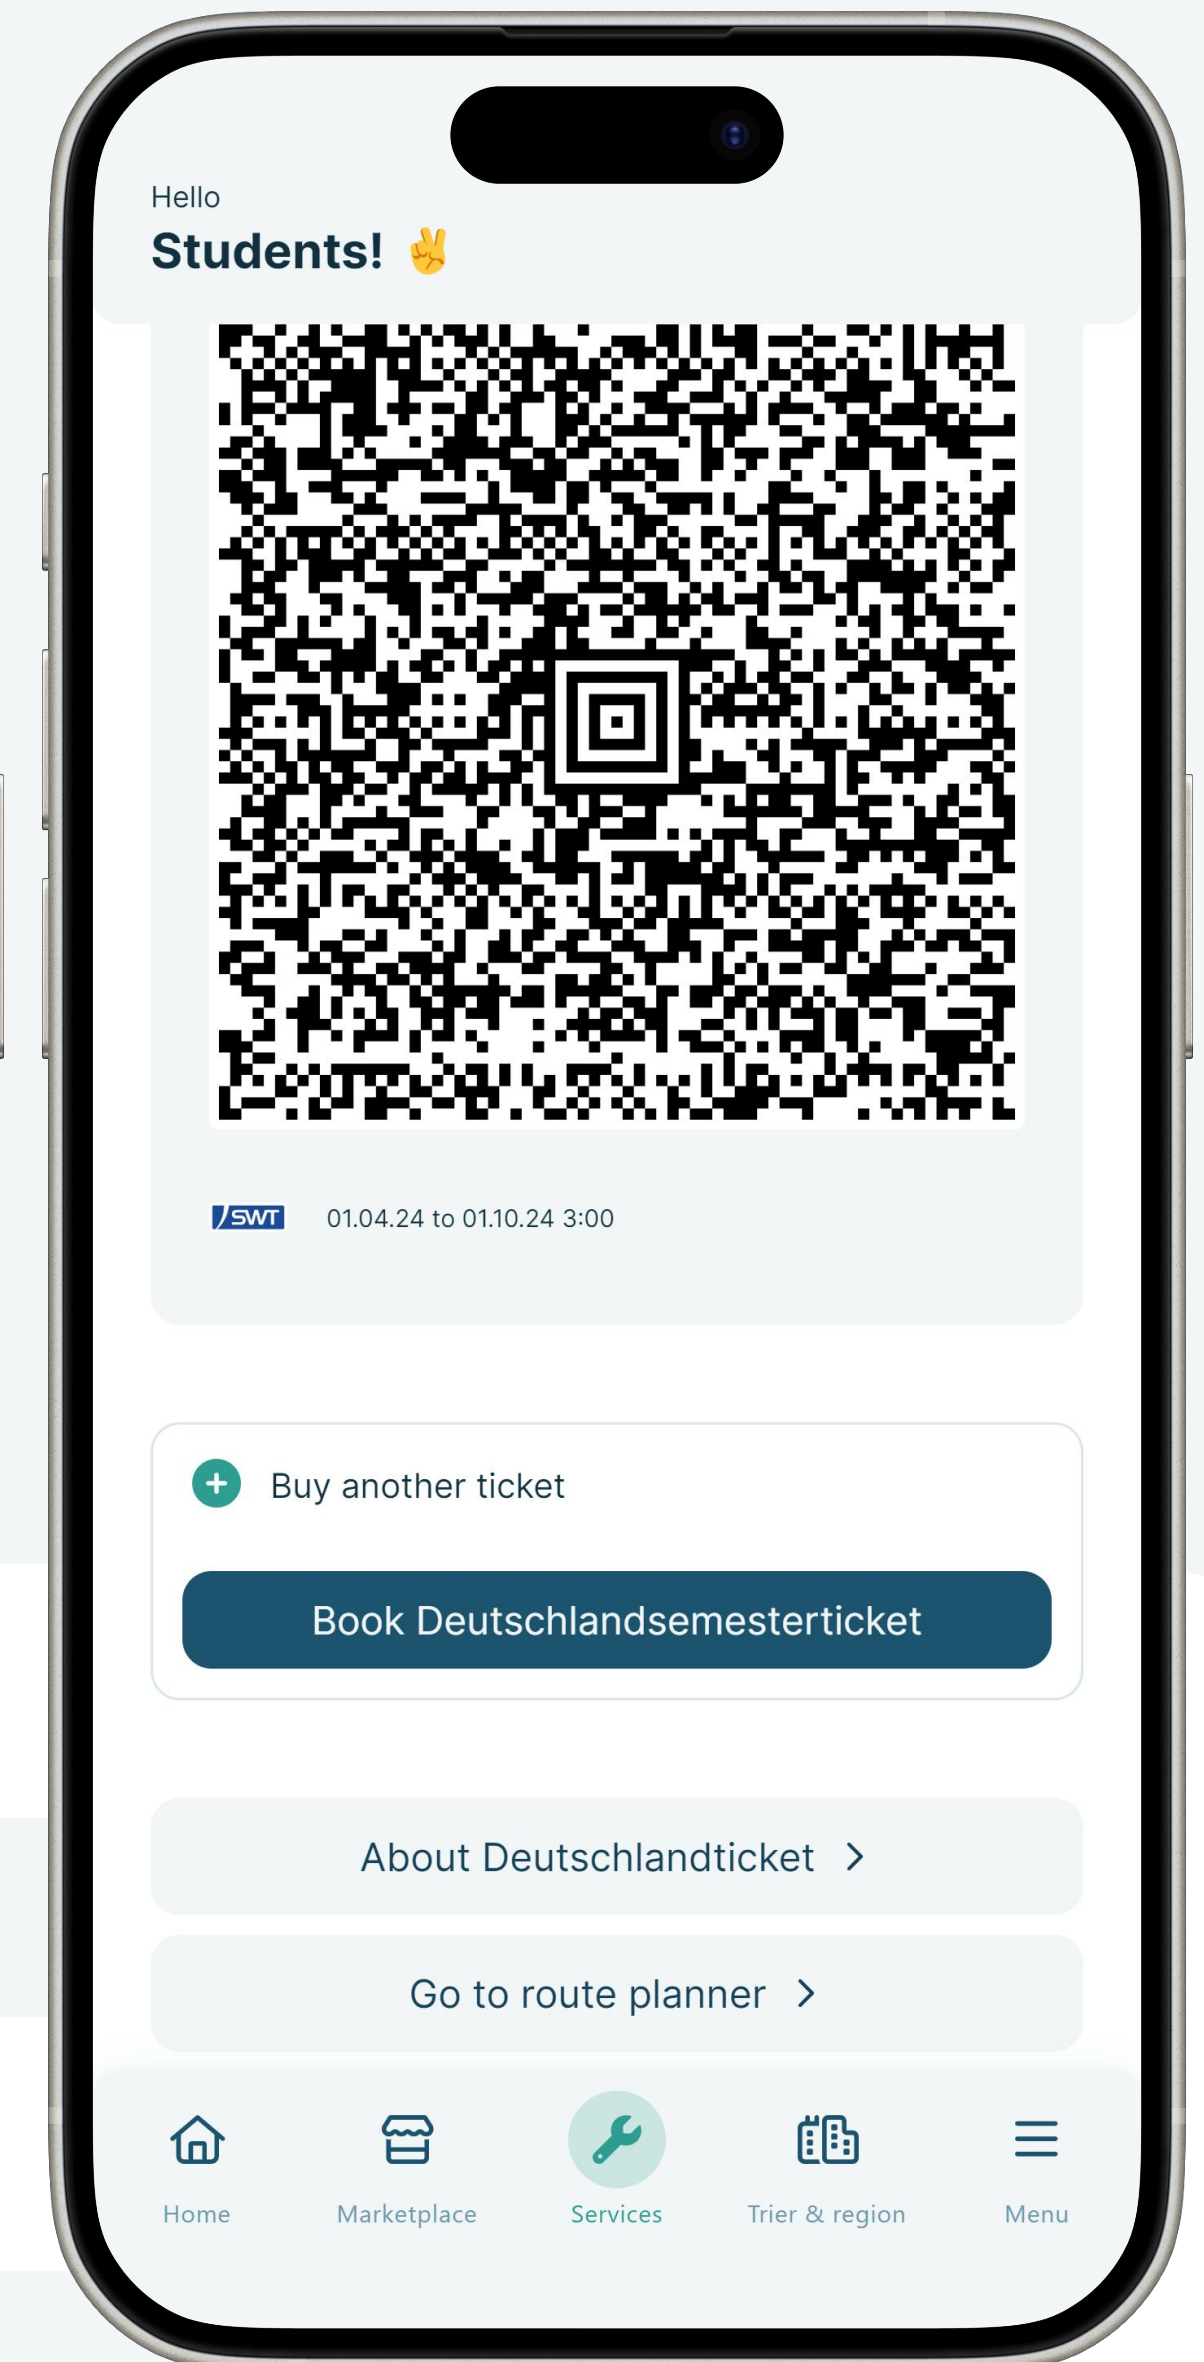

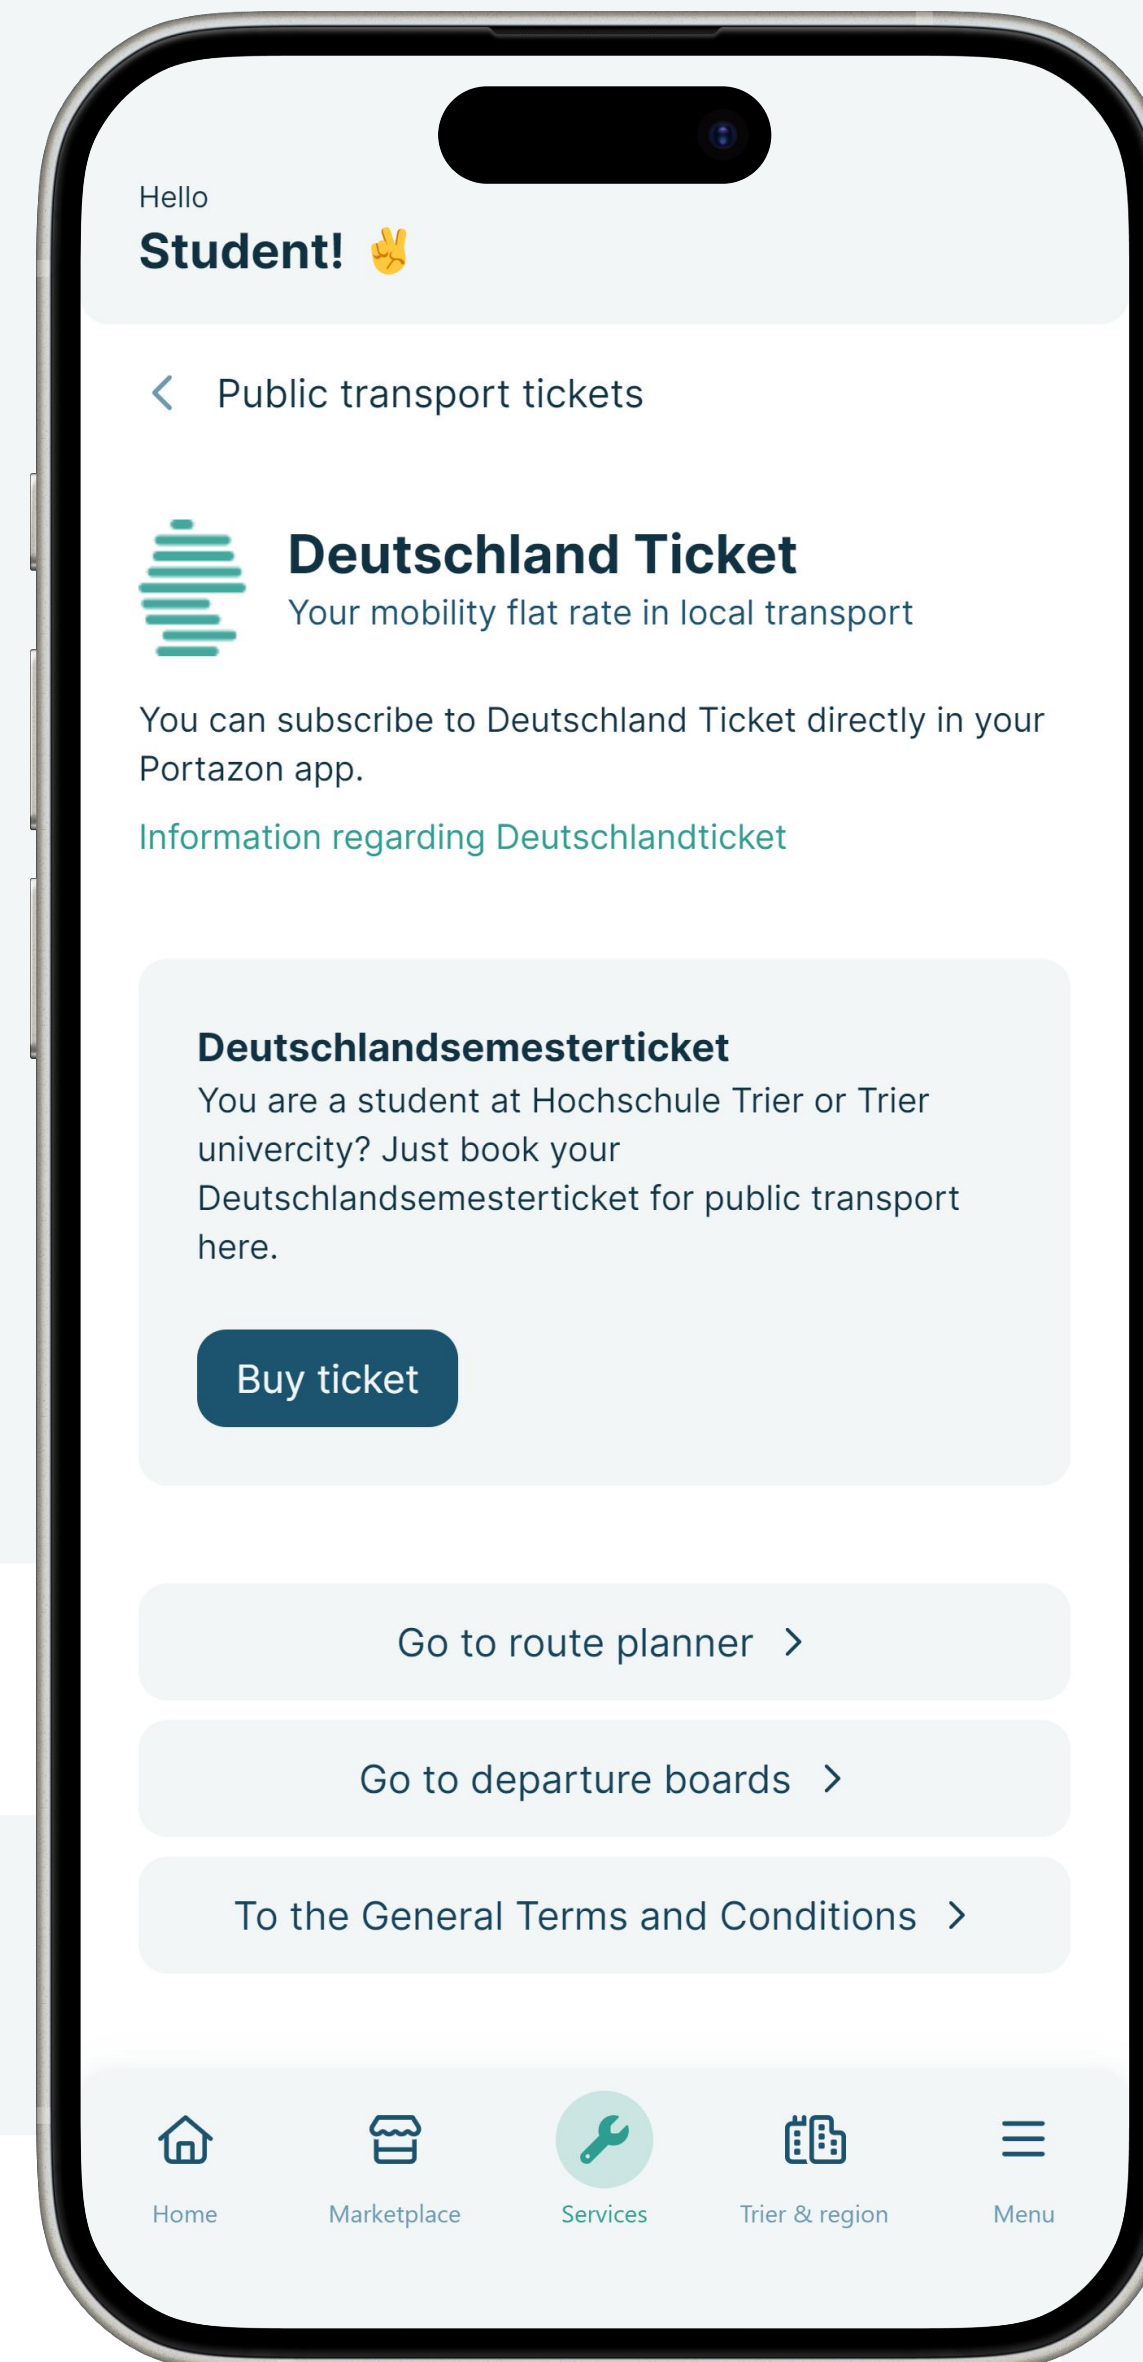

Via your personal favourites in the middle section of the app. Here you can select 'Public transport tickets' directly as a widget and have it displayed at the top of your favourites list.

Book ticket - Start

If you are new to the app or have not yet booked a ticket, you can start directly with the 'Book ticket' button in the 'Deutschlandsemesterticket' section.

If you already have a current ticket, you can start under 'Book another ticket' by clicking on the 'Book Deutschlandsemesterticket' button.

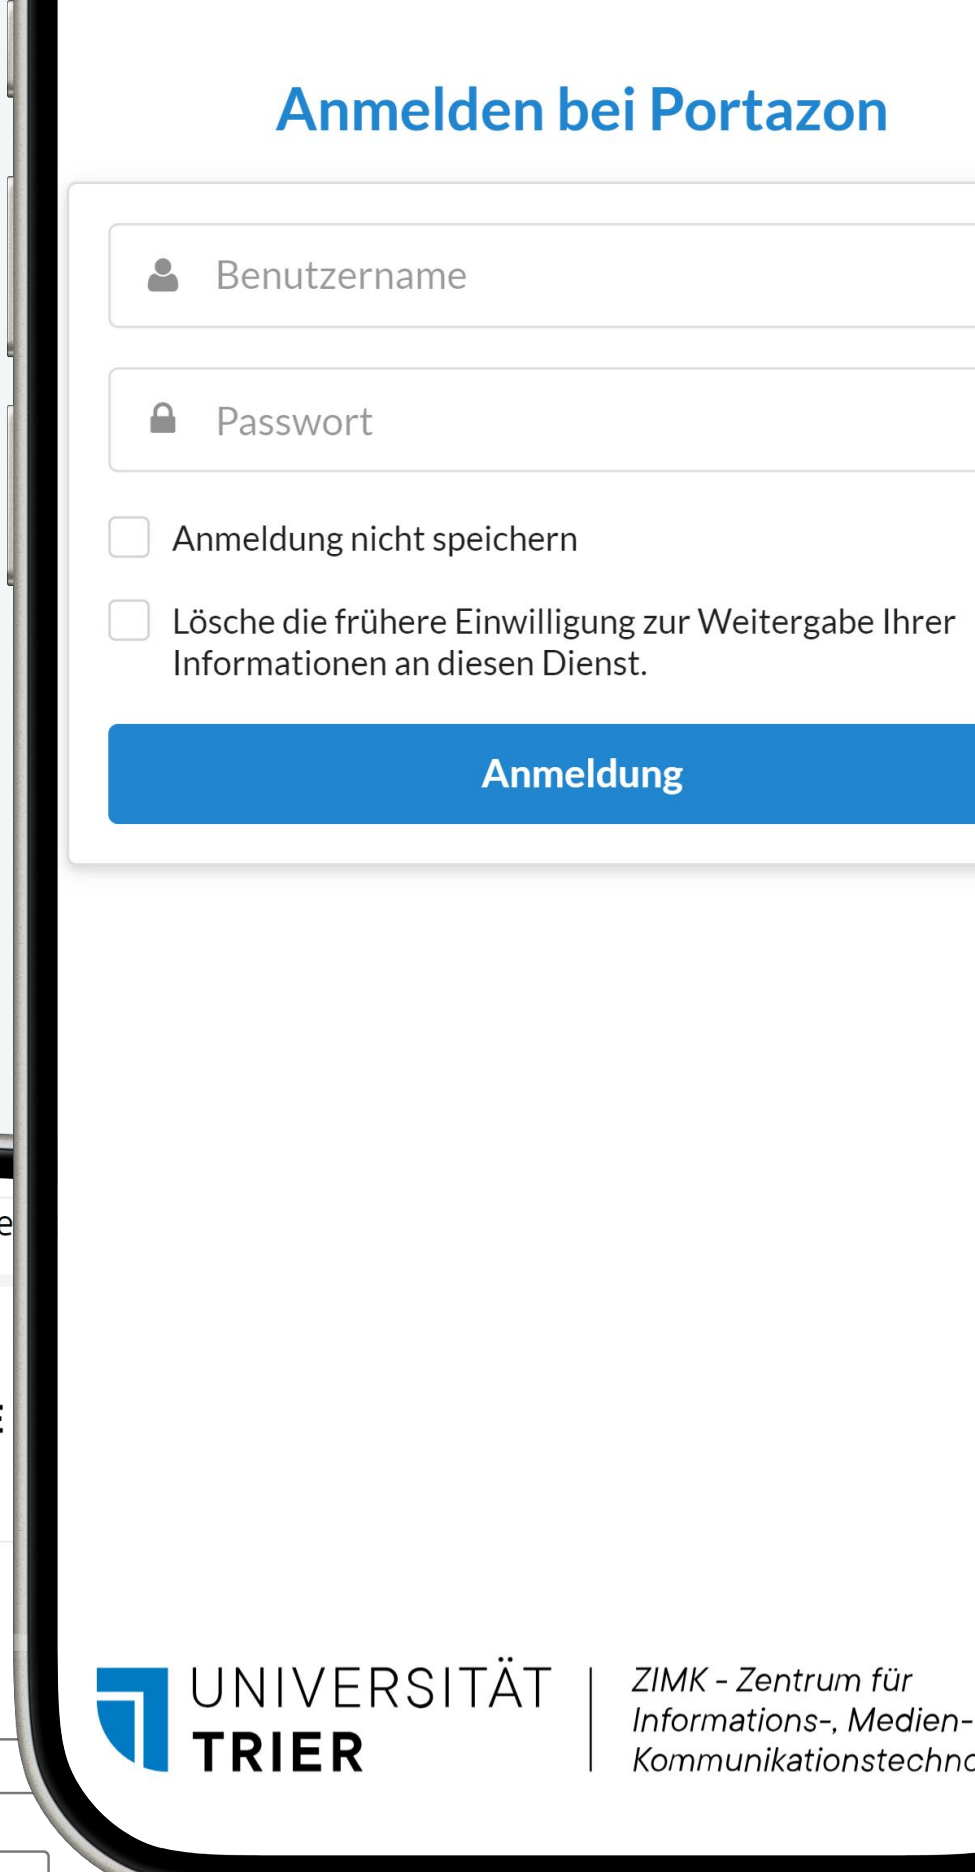

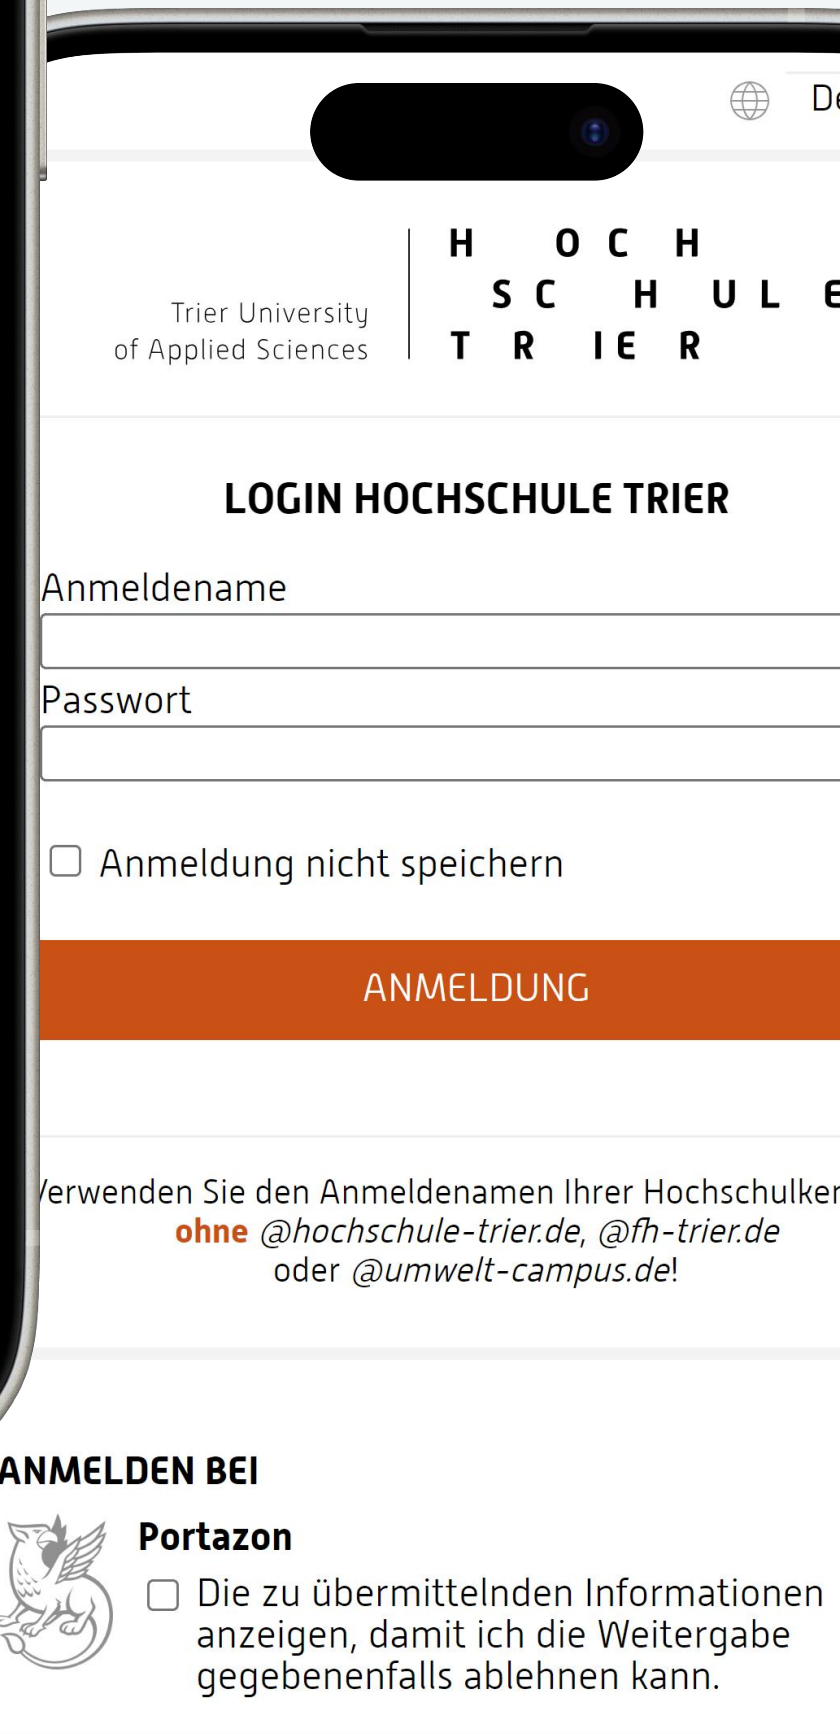

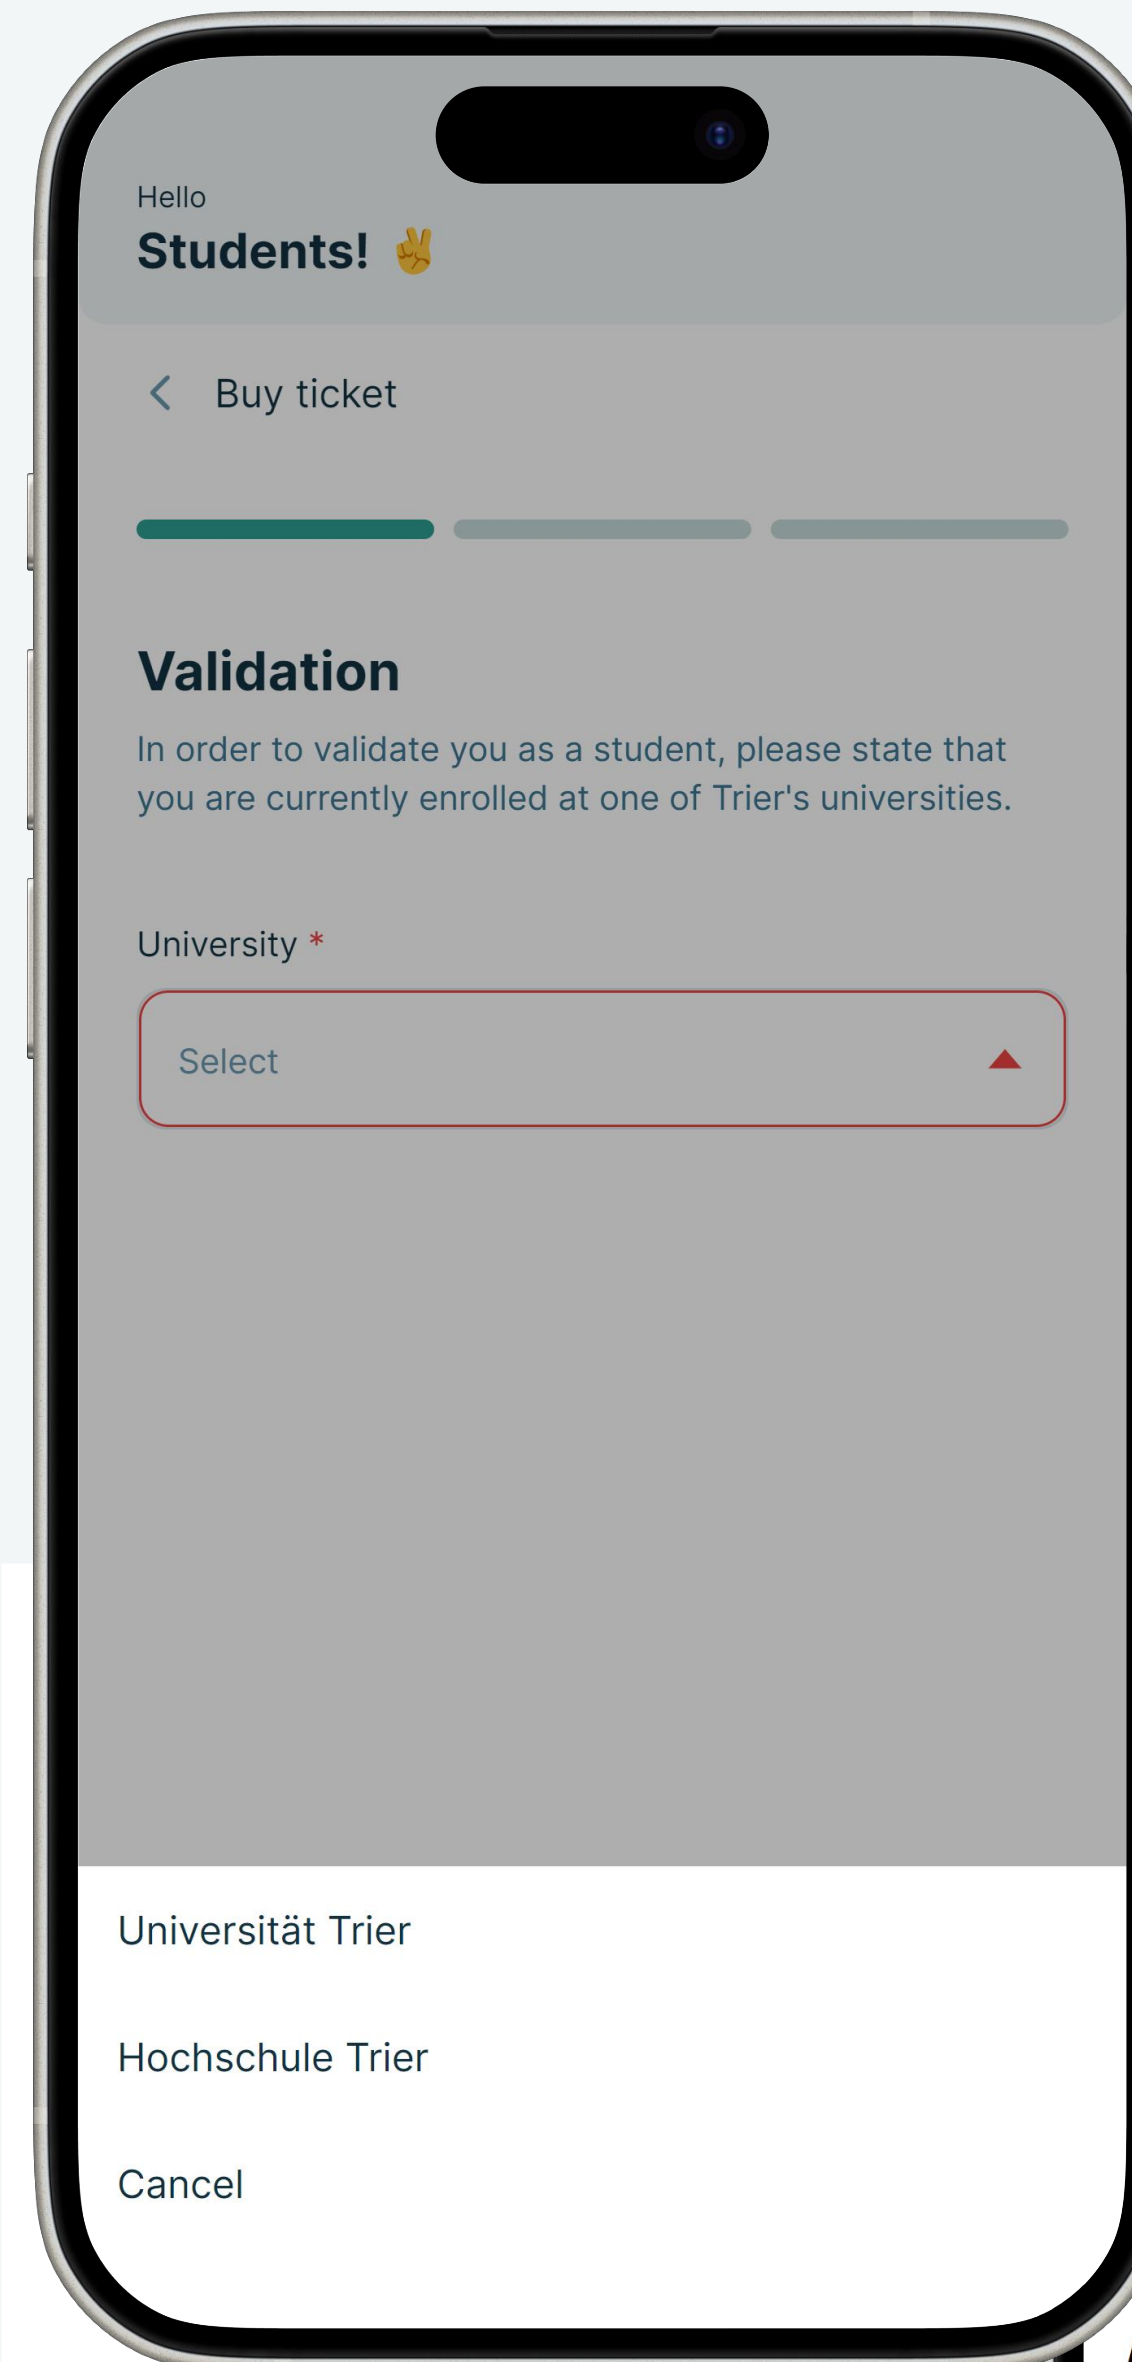

Book ticket - Validation

To validate that you are enrolled for the current or next semester, please select your university in the next step.

The login screen of the Hochschule Trier or Trier University will then open in the app.

Please enter your university ID and the corresponding password here.

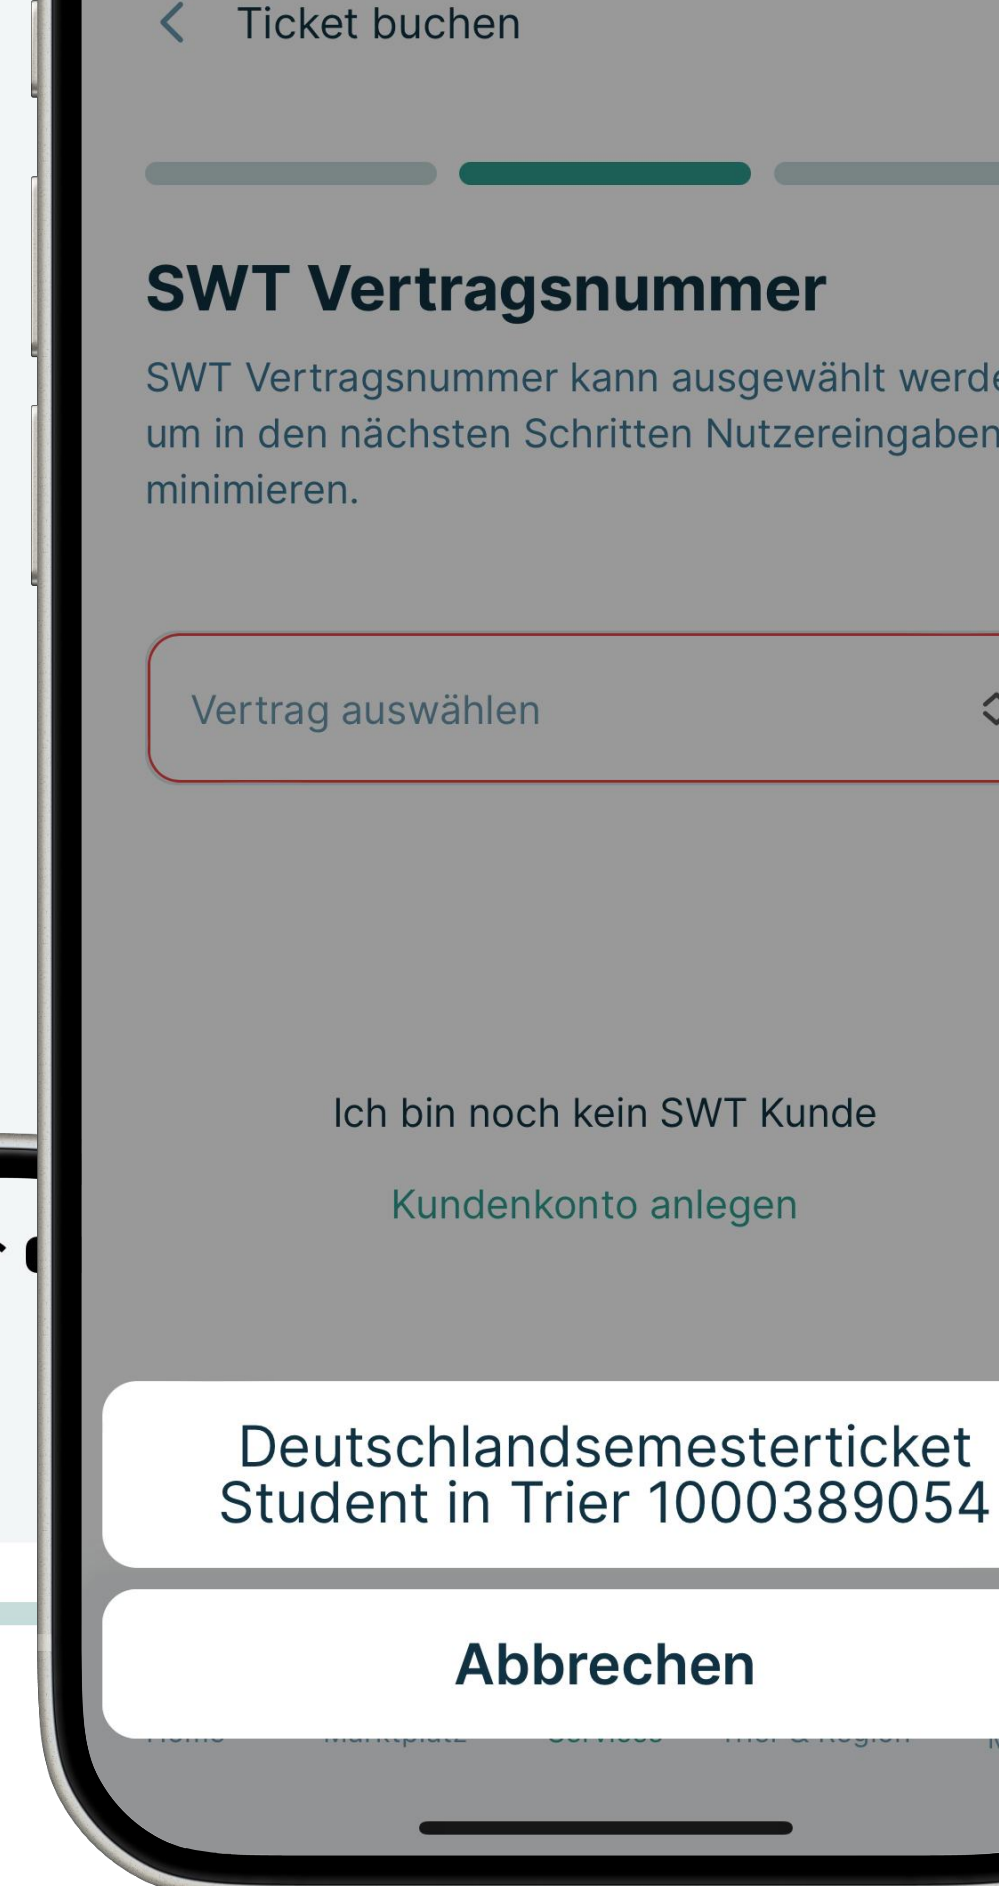

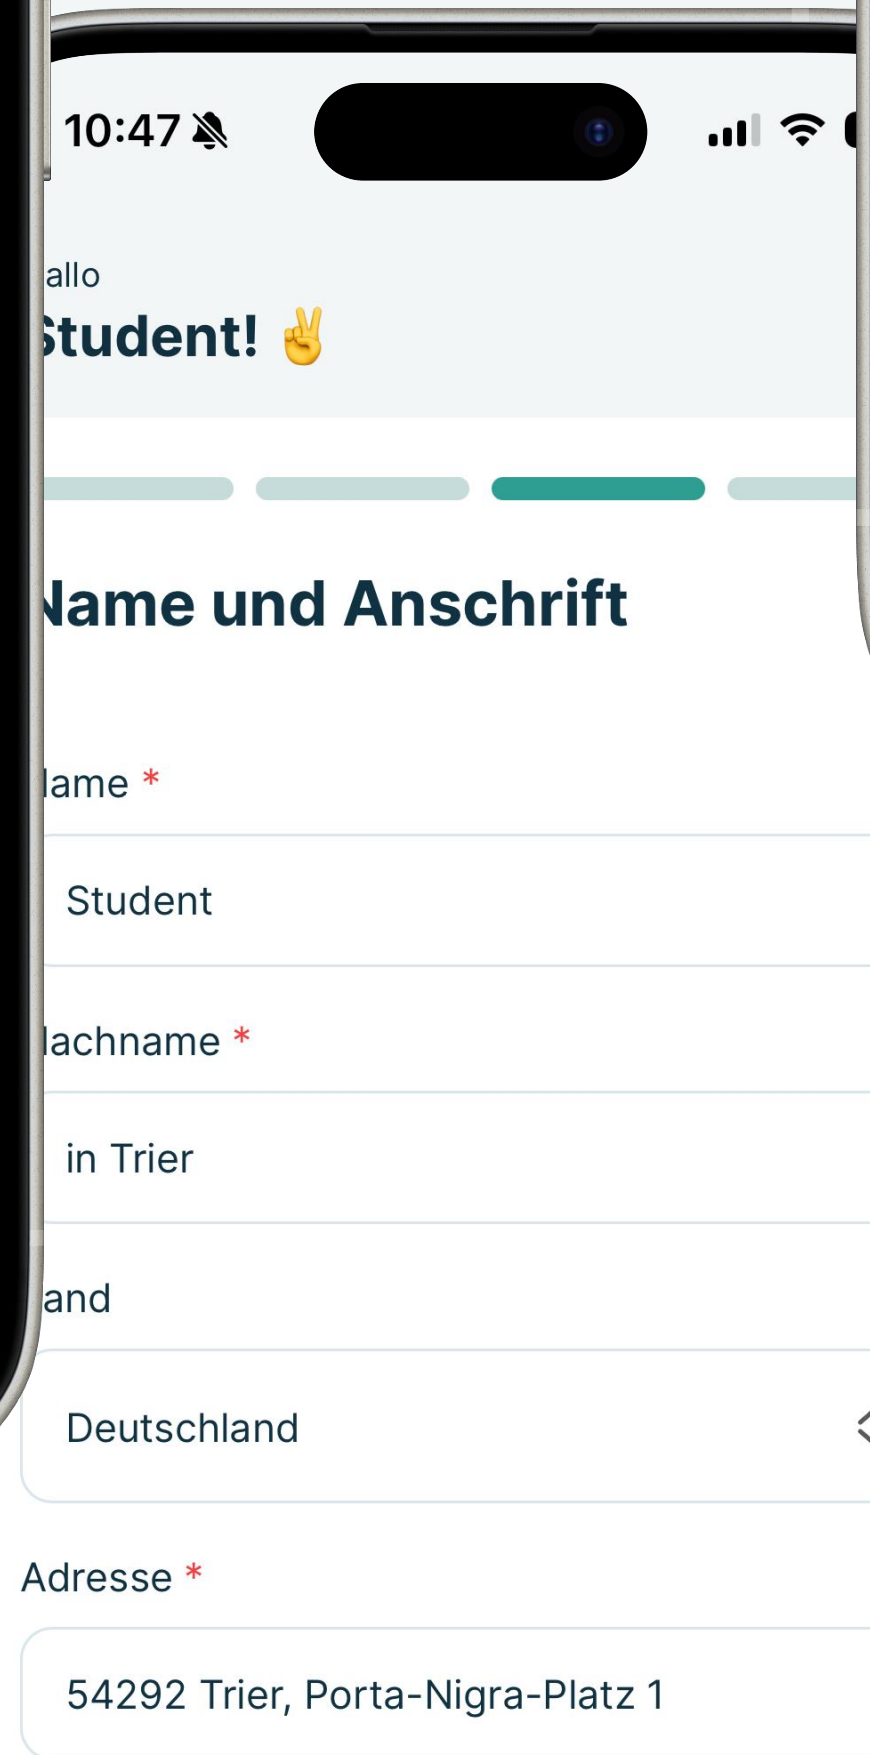

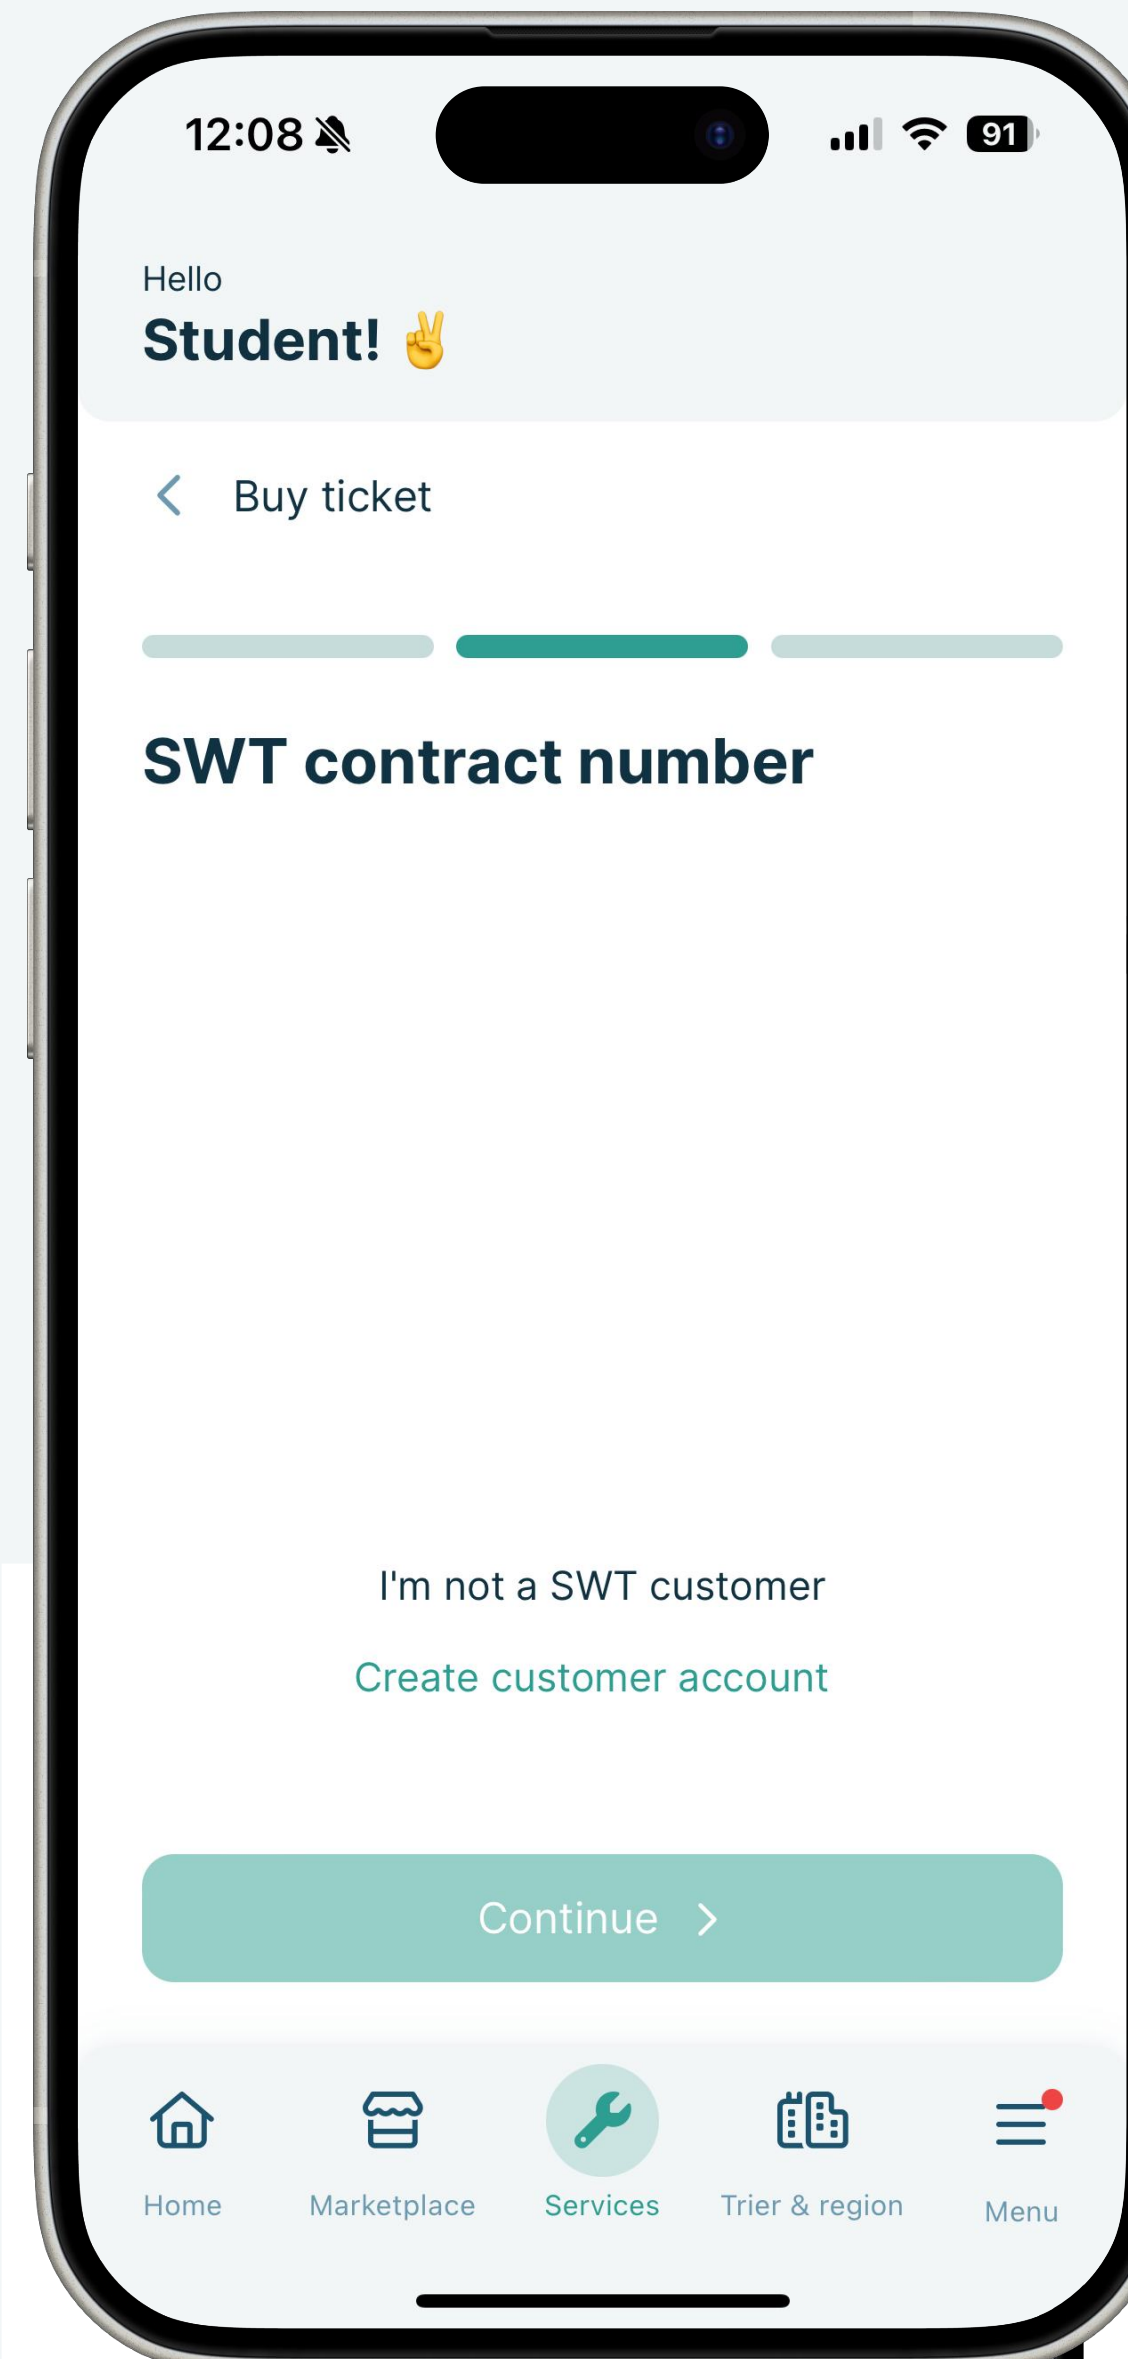

Your university will now confirm your student status in the background and you can continue with the booking.

Book ticket - Customer data

So that we can request your ticket from our mobility partner SWT Stadtwerke Trier, you must enter your name and address as you are currently registered in the next step. This information is then stored in the digital ticket and will be read during ticket inspections.

If you already purchased a Deutschlandsemesterticket last semester, we recommend that you select the existing contract number. This will save you having to enter it again.

Book ticket - Confirmation

A summary will be displayed at the end of the booking process.

The process is completed with the 'Book ticket' button.

After a short time, you will find your ticket in the form of a digital code in the public transport tickets section.

Your ticket will now be with you for the whole semester. It is automatically renewed at the start of each new semester. So you are always mobile - without additional registration.

The validity of the ticket ends after your studies.
